

Accessories for your Audi 100.

Add your own personal touch with genuine Audi accessories

Luxury comes as standard equipment on every Audi 100: it is a complete car when you buy it.

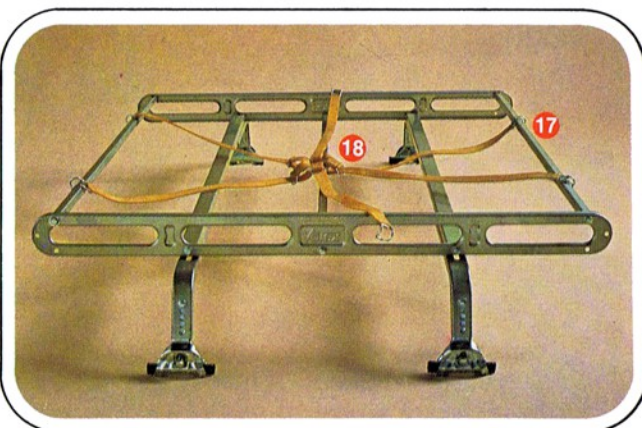

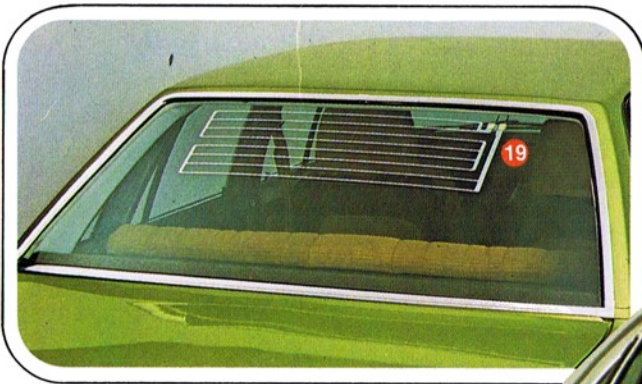

But the Audi range of accessories will help you personalise your car, adding those extra comfort-and-convenience touches that make it uniquely and individually yours.

Every Audi accessory shown here is made to the same standards of quality as the car itself, and is available from your Audi/VW dealer. To avoid inconvenience, simply have the accessories of your choice fitted at the time of a service or when buying your car.

**APPROVED
ACCESSORIES**

All accessories are subject to availability and change in specification.

| | 20 Sheepskin seat covers |

Laat u persoonlikheid geld met Audi-toebehore.

Luuksheid kom as standaard toerusting saam met elke Audi 100: dit is 'n volmaakte motor wanneer u dit koop.

Maar met die Audi-reeks toebehore tot u beskikking kan u vir u gerief en gemak toebehore byvoeg om u motor uniek en volgens u eie keuse te maak.

Alle Audi-toebehore wat hier aangetoon word, word volgens dieselfde gehalttestandaarde as die motor gemaak en kan by u Audi/VW-handelaar verkry word. Om ongerief te voorkom, kan u die verlangde toebehore gedurende 'n diens laat aanbring, of wanneer u die motor koop.

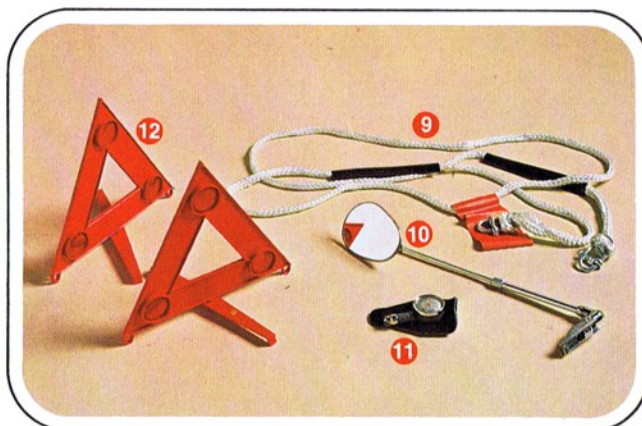

BEPROEFDE TOEBEHORE

Alle toebehore is onderworpe aan beskikbaarheid en verandering in spesifikasie.
